### Managers' Report

The summer season draws to a close with most members relieved that yields were better than we feared back in June. The picture has been one of a large range in yield according to soil type and rainfall. The weather has allowed harvesting operations to go well for most members with a good portion of the crop coming in dry. I would like to thank all of those members that let us find baling contractors for their straw. Particularly in a year when straw yields are down and straw prices are high. Forecasts of another cold winter will no doubt lead to strong demand from the livestock sector.

LMR can report another strong performance in fuel, bulk gas and seed sales. Our thanks go out to all those that supported LMR with orders, competitive prices and timely supply. Although requests for machinery and labour were at a lower level than in a challenging summer, LMR members were ready to help with men and machines.

LMR continues to attract new members. Some bringing demand for services and others looking to supply. We welcome them all and look forward to many years of beneficial co-operation. LMR has seen a higher level of demand for labour as we enter the potato season. In most cases we are able to find staff with the appropriate skills. We are fortunate that we can draw on our own database as well as the services of our Labour agents and recruitment firms.

Fertiliser enquiries are picking up as drilling progresses. Unfortunately prices have remained strong and appear to be about to rise again. Please call for a quote as we have a strong line up of suppliers and products.

### Agro chemical Group Deal

Are you reviewing your agrochemical supply or agronomy package. If you are, please call to discuss the LMR group deal that we have which offers extremely competitive rates, priority of product supply and favourable credit terms. Highly regarded agronomists offering tailored support packages are also available across the LMR region.

### Snow clearance/gritting

LMR has contracts to clear snow and grit from supermarket car parks across the region. Please call Andrew or Ian if you are interested in providing these services this winter.

### Buildings

Please contact LMR to discuss your building plans. We have many suppliers of buildings, concrete, groundworks, cladding and grainwalling that we have been working with for years and who have built up a solid reputation in their field. LMR often supplies hired plant and aggregates to go with this type of work too.

### Fencing

LMR has many experienced fencing contractors who are available for all of your fencing requirements, whether it be post and rail, rabbit or palisade fencing. We have suppliers of fencing materials at competitive prices too.

### Enduramaxx Tanks

We are pleased to announce that LMR Services Ltd can now supply the Enduramaxx range of tanks and accessories with a healthy discount for members. Enduramaxx offer a comprehensive range of tanks for liquid storage both above and below ground, from small to very large. Liquid fertiliser and water storage and mobile sprayer tanks are well catered for. Please contact Andrew for more information.

**LMR Serving the East Midlands**

Seasonal Topics – LMR can help you with  
Drilling, Spraying and Fodder

**LMR EASTERN & LMR SERVICES LTD**

It was great to meet so many members on the LMR stand at the many events we have attended this summer. Thank you to everyone who contacted me with new leads for work opportunities which has resulted in extra income for both LMR, LMR Services Ltd and some of its members, and also it has brought several new members to LMR, so please keep contacting me with information to follow up.

I am looking for Parish Council grass cutting, fencing, tarmac laying, pest control, tree work, construction/civil engineering and any other work opportunities, so please ring OR email [ian@lmr.org.uk](mailto:ian@lmr.org.uk) if you hear of opportunities in your area.

Many thanks to everyone who supported my recent **LMR and LMR Services Ltd Employment Law Seminar** at the Lindum Business Park in Lincoln.

The event was kindly sponsored and by **McKinnells Solicitors** from Lincoln.

LMR offers various land based training courses for Machinery, FLT, Health & Safety, Management, Livestock etc from November to March. Please book early with me to avoid disappointment!

Farm security is a big worry as always, and LMR members can provide you with such services as security guards with dogs, totally secure machinery storage compounds, complete CCTV systems and plastic or metal lockable fuel stations, supplied and installed, so please give me a call and I will arrange a free site survey and quotation for you. New to LMR is a vehicle and machinery TRACKER device supplier, and also alarms and invisible sensors for farmyards etc.

Following the success of the 2011 LMR Services Ltd diaries, I am now taking orders from LMR members wanting to place a £125.00 full colour advert in the next batch of 300 which will go out at Christmas for 2012. First come, first served so don't delay, call me today!
