Managers Report

Our thoughts are with all those members suffering from the flooding and continuous wet conditions. All members with growing crops will see the consequences of this period of high rainfall for some time to come. I can see crop storage problems, damage to soil structures and problems travelling in fields being the issues affecting us this autumn. LMR has members with tracked combines, LGP sprayers, mole ploughs, ditching contractors, drain jettors etc. as well as a wide range of cultivation equipment. Please call us to help with your machinery, labour and contractor needs this summer and autumn. We have the members who can help you. On a brighter note, I would like to welcome all new members to LMR. They are bringing us a wide range of skills and equipment, which adds to our collective strength.

I particularly want to encourage you to work with new member, Marshall Grantham, who as part of the Marshall Motor Group, have put together a comprehensive **Vehicle Deal** for members. They have franchises with 14 major brands, including **Land Rover, Volvo, Jaguar & Toyota**. They will be giving you the maximum discounts on new purchases as well as on spares and labour rates. They will also find second hand cars for you at competitive prices. There are dealerships across the LMR area as well as free vehicle collection and delivery. If you are buying a new or used car, or need a service please call Gary Franiuk for details. (An LMR arrangement fee applies on new vehicle purchases.)

LMR SERVICES LTD

First of all, a big thank you to my new colleagues for all their help and support during my first two months with LMR. Also, thanks to all the members who have contacted me, visited me, or invited me to visit them during this time. You have all made me feel so welcome. Since I started in May, I have been out and about promoting LMR at various events, including:-

- EFP Breakfast Meeting at Forest Pines, Scunthorpe
- Young Farmers County Rally at Toynton St Peters
- Hull Chamber of Commerce Expo 2007
- North Lincs Council Speed Networking
- Sutton Estates Open Farm Sunday
- Lincolnshire Show:- Special thanks to Witham Oil and Paint, who very kindly allowed me to have a space on their stand.

In addition, I have recruited 11 new members to the Ring. It has been a productive time in terms of work generated. Most significantly, I have succeeded in finding jobs for some members with both North and North East Lincolnshire Councils.

My aim is to find demanders from outside of the Ring to provide work for members and, to this end, I am looking at the concept of holding Speed Networking Events across the membership area - with the first one being proposed in the Scunthorpe area. This would be a free event, for a maximum of up to 50 people, with a free buffet provided. For further details, please contact me at ian@lmr.org.uk or on 07903 323212. An indication of whether you would be interested in supporting such an event would be much appreciated, so as to give me a guide as to whether there is a demand for this or not.

Looking forward to meeting more of you and working with you in the future.

Ian

Fencing Materials and Forestry Management

New member, **Peter Lord Forestry** can supply all of your fencing materials. Posts, panels, rails etc are available to members at good prices.

He can also chip, mulch and clear woodland on an industrial scale. He is equally happy doing woodland regeneration, fencing and hedging. Call LMR for the details.

LMR EQUINE PROJECT

We are keen to extend the buying group and the services that Ring Members can offer horse owners e.g. grass, cutting, fencing, spraying, hand weeding, pooh picking, ménage building, supply of hay, haylage, straw, silica sand, aggregates etc, etc

Please call Ian & give us some feedback on any relevant services you can offer, or specific demands you may have.
