MANAGER'S MESSAGE

Harvest got off to a good start, with settled weather and good yields for most people which is particularly welcome in a year when we need to keep costs down and output up. Lower fuel prices continued into the harvest period which was a welcome surprise. This recent break in the weather will hopefully have passed through and allow us to get into the later maturing wheats and beans.

LMR has been busy supplying members with teams of labour for rouging and grainstore cleaning as well as supplying hire tractors and telescopic handlers for harvest operations. LMR members will be available for any autumn cultivations and drilling that you may need doing. This could be a good opportunity to try a different system or reduce costs. Members are also ready to spread lime, fertilisers and compost where field soil analysis recommends it. Muck and slurry spreading with specialist equipment is also on offer. Fortunately, blackgrass has been controlled better this year than last. Some of this may be down to the increased use of avadex. LMR has members with avadex applicators ready for your new drillings. The skills and equipment available within LMR is a massive resource that you can tap into for all of your requirements. You should consider it for your autumn work, potato and sugar beet harvest as well as for conservation and hedging work.

A big thank you to all members that have supported LMR with orders for fuels, ad blue, oils and wearing parts which will hopefully have saved many of you considerable sums of money this summer. We are also supplying seed and fertilisers from a selection of local and national merchants at very competitive prices. Please call for prices.

With kindest regards

Andrew & Jayne

FUEL * FUEL * FUEL

Heating oil (kerosene)

With prices still good this is an ideal time to fill up ready for those cold spells.

Red tractor diesel (gas oil) & white derv

Daily competitive prices, please call us for a quote

Bulk Calor

Current price to LMR member's **30.39p/lit** & this includes Levy.

So if you are a bulk gas user, yet not via LMR, please contact Jayne or Andrew to discuss a transfer.

LMR Serving the East Midlands

MESSAGE OF THANKS

LMR STAND AT THE LINCOLNSHIRE SHOW 2015

Message of thanks goes to the following LMR members who kindly supported us on the LMR stand with their products and services which made the LMR Stand look great as always.

Our thanks go to:

Buster Marquee's, Nugus Fencing, Marsh Nursery & Aquatics, Moncaster Wire Products, Creative Nature UK, Lamyman Grange Contractors, Witham Oil & Paint, Spaldings, Tanks R Us, Redtrade, Energy My Way, Bush Tyres, JRH Water Management, Rix Petroleum, Dorsia Finance, Energas & Engweld, Calor Gas, AB Components, Swinton Commercial, and to all the members that joined us on the LMR stand over the two days. We hope you enjoyed the hospitality, with the wine flowing, along with the beer and not forgetting the class 1 strawberries and cream which always goes down well. We loved seeing you all on the stand, and we lost count of how many members came on board. Let's just say it was well in excess of a hundred.

This was our third year with our own stand at the Lincolnshire Show and it gets bigger and better each year.

Summer gas oil left in tanks after harvest?

If you do have any summer gas oil left in the tanks and it is going to sit there during the winter, we can offer you anti waxing additive at a very competitive price. Add it before the winter, as once it is waxed you are too late!!

Next LMR STAND

At

Newark Showground
25th & 26th November 2015

Please join us in the George Stephenson
Exhibition Hall
Free Entry/Free Parking

Hopefully see you then

Wanted – Spring 2016

Operator(s) required on annual basis for de-stoning, irrigation and Hesston baling. This could suit someone as employee, self-employed or contractor. For the de-stoning, will need to 'hire' a 130-170hp tractor with step less type transmission – perhaps with the operator. (Woodhall Spa).
Contact Jayne

Wanted

Contractor with JD 750A direct drill or similar, for autumn and spring drilling - 10m north of Newark.
