***With a champagne reception for the
LMR members on day one of the
show***

22nd June at 3pm

MANAGER'S MESSAGE

Firstly, can I thank everyone for their concern and best wishes whilst I got over bacterial pneumonia. Fortunately, thanks to superb care from the NHS I seem to be making good progress towards a full recovery.

The bulk of the spring work is done, with members' attention now turning to the harvest season that will be upon us before long. LMR has members that can supply labour to clean grain stores and rogue weeds from fields. Many of you will be servicing machinery in advance of summer and autumn work. LMR members can supply a wide range of spares, filters, lubricants and consumables to assist you in these tasks in a timely and cost efficient manner.

You may be considering using a contractor to help with the harvest and drilling campaign. Contractors may be a lower cost method of performing an operation, offer access to different machinery or technology. Contractors also bring operators which eases the demands on labour on farm. Many members have surplus capacity and can offer machines and services to cover an enormous range of operations at very competitive rates. Please call for quotes on swathing, combining, baling, cultivations and drilling. Your plan may involve hiring tractors and trailers. LMR can supply a choice of brands on competitive terms and prices. Please call for details.

LMR's baling contractors are looking for straw in the swath. Please call for a price. If you have muck or slurry to spread, LMR has machines for hire or contractors to perform the whole operation for you.

LMR Serving the East Midlands

SEASONAL TOPICS – LMR CAN HELP YOU WITH
SILAGE WRAP: STRING: SEED: MOWING: WRAPPING: BALING: COMBINING

It is a relief to see new season fertiliser prices reflect the economic situation on farm. LMR has many suppliers of fertiliser to meet your varied requirements. Please call for a very competitive price. Seeds and seed cleaning are also areas where LMR can provide significant savings.

Whilst the focus is on harvest please don't forget that members offer contracting services for a whole host of other operations, from drainage, lagoon and ditching work to soil sampling and fencing.

We hope that many of you will be able to join us for a champagne reception at Lincolnshire Show at 3.00pm on the 22nd June to celebrate your LMR's 25th year.

With kindest regards
Andrew & Jayne

Staff Training

LMR has a number of training providers with great reputations that will work with you to ensure your staff have the skills and certification needed for performing your farming operations safely and efficiently. Please call for information and prices.

Forage/Straw/Wrap and String

LMR has contractors to perform your forage harvesting in an efficient and timely manner. Baling contractors are offering competitive prices for straw in the swath. We also have very competitive prices from our suppliers of wrap, net and string.

Tyres

LMR is fortunate to have group deals with a number of quality tyre companies in our region. Tanvic, Kingsway and Bush tyres are offering members discounted pricing on tyres and repairs. Please call to register for the group account or for quotes on your tyre needs.
Purchasers of Mitas and Cultor tyre can also get rebates through LMR.
