## MANAGER'S MESSAGE

I hope this newsletter arrives with you with a period of good weather to assist with timely wheat drilling and potato lifting. In general we have been lucky with the cereal harvest coming in on time and mostly dry. This keeps costs down and enables the follow on cultivations and drilling to be done as planned setting up the next crop for a vigorous start in life.

Black grass has been at the forefront of farmers' minds with many of you using our gangs to rogue crops pre harvest.

**Avadex applications** will be popular as part of control measures this autumn. LMR has many members offering application services. Please indicate your interest so that contractors can plan their workload. **Slugs** have been a problem in newly established oilseed rape crops and may be in new cereal drillings. We have certificated members with quad bikes and applicators ready to respond.

There appears to be a shift towards direct drilling, spring drilling and cover cropping. LMR has members with **specialist drills** and experience to aid you in crop establishment or for experimentation with new techniques and machines. You can try before you buy!

Please remember to support your fellow member with contracting opportunities. The more LMR is used by members the better it is for all members. There is a

huge collection of machines, services and skills within LMR available to be called upon for your autumn work, maize harvesting and beet and potato lifting campaigns.

LMR members have specialist machinery and labour for **environmental schemes** such as hedging, ditching, woodland thinning and clearance and lagoon and lake construction. Please call for details.

...and finally a big thank you to all members that have requested contractors, helped other members with contracting services or purchased fuel, ad blue etc from LMR through the summer period. It is good to see LMR delivering solutions to its members.

**With kindest regards**

**Andrew & Jayne**

**LMR STAND**

**At**

Newark Showground  
23<sup>rd</sup> & 24<sup>th</sup> November 2016

Do please come and see us on the LMR stand in  
The George Stevenson Exhibition Hall  
FREE PARKING & FREE ENTRY  
[www.midlandsmachineryshow.com](http://www.midlandsmachineryshow.com)

**LMR Serving the East Midlands**

## **TROPHY WINNERS**

### **Show success for your LMR stand**

The Lincolnshire Show seems like a distance memory now. Yet what a great memory we have. For those of you that are not aware, your LMR stand won the Omex Challenge Cup for the best small allied stand which is a prestigious award to win. We had a fantastic two days seeing the LMR members. We held our AGM on day one and we also celebrated our 25<sup>th</sup> year with a champagne reception.

LMR also featured on four radio interviews over the course of our two busy days.

We would like to thank the LMR members that helped us with the stand and made it look even more fabulous than even before:

Nugus Fencing  
Buster Marquees  
Marsh Nursery & Aquatics  
Spaldings  
Lamyman Grange Contractors  
Moncaster Wire Products  
Redtrade  
Tanvic Tyres  
Engineering & Welding/Energas  
Rix Fuels  
Dorsia Finance  
Cola Training  
Calor Gas

## **Need your equipment cleaned?**

LMR member available to clean down your kit that also includes Combines  
Contact LMR

## **1 year's Free Membership** **Recommend a New Member**

As part of LMR's 25<sup>th</sup> year we want to reward members that encourage a new member to join. Be an ambassador for LMR and tell your farming and business friends of the many benefits of being a member. When they join, you will qualify for one year's free membership. You, your friends and LMR as an organisation will be better off for it. The more members we have the greater the discounts and resources there are available to all members.

## **FUEL**

Daily competitive prices on:  
Gas Oil (Red Tractor Diesel)  
Derv  
Kerosene (Heating Oil)

## **Winter Grade Gas Oil**

Please remember that gas oil is not up to full winter grade specification until early November. You may wish to reduce the amount you order now rather than have stocks of summer grade in your tanks through the winter. Anti-Waxing additives are available through LMR at very reasonable prices to treat fuel before it freezes (It will not de-wax, waxed gas oil).

## LMR's Direct Debit Problems

Some of you will be aware that LMR has struggled to make some direct debit payments work. This has been a frustrating situation for all involved. We believe that a recent software update has resolved the problem and transactions should now work properly. We would like to thank those previously affected for their patience and understanding.
