MANAGERS' MESSAGE

The summer campaign produced a wide variety of requests from members which LMR satisfied in most cases. Meeting labour requests for individual workers has been a challenge, however the ring's gang labour providers have placed countless teams on farms across the region. The members' fields should be clearer of blackgrass and weedbeet as a result. Members have hired tractors and mobile driers as well as requesting fabrication services, concrete, potato carting, drilling, baling and straw amongst many other things. Please call the ring with your requests – the ability of other members to fulfil requests never fails to impress us.

As we complete autumn work attention will shift to other projects. LMR's members will have the skills and services to help, whether it is with drilling and spraying, staff training or building projects.

We would like to thank you all for your tremendous support on the buying side. We have delivered a lot of fuel, ad blue, spare parts and lubricants and filters this summer. It is rewarding to see so many members using and benefiting from these deals. We have other deals and services that are equally as good which you can benefit from; such as electricity, phones, plant hire, seed and fertiliser as well as the LMR agro chemicals group deal. Please call to discuss. We are always searching for new opportunities to help you. One such area is with new vehicle purchases. You can enjoy significant savings from Fleet Discounts on Ford, Mitsubishi, Suzuki and Toyota vehicles through LMR.

Kind regards

Andrew & Jayne

The European Machinery Ring annual conference October 17th – 19th in York

The Machinery Ring Association of England and Wales is hosting the European Machinery Ring annual conference in York from the 17th – 19th October. Representatives of the 527 European rings from across Europe will be joining English, Welsh and Scottish members for two days of farm and agribusiness visits.

Thursday 19th is conference day where delegates can benefit from the insight of 6 highly knowledgeable and influential speakers who will share their thoughts on **co-operation, sustainability and succession**; (**Robin Jackson**: City & Guilds Land-Based Management, **Susan Twining**, Country Land and Business Association, **Minette Batters**: Deputy President of the National Farmers Union, **Katherine Denby**: University of York and Academic Director of the N8 Agrifood Resilience Programme, **George Dunn**: CEO of the Tenant Farmers Association, **Gordon Whitford**: Regional Agriculture Director for the North of England and Northern Ireland HSBC).

LMR members are very welcome to attend the conference or the whole event. Please contact Andrew for full details.

Competitive daily prices for LMR members
Gas oil – Derv – Kerosene
Call LMR for a price today

Winter Grade Gas Oil

Please be aware that gas oil deliveries will be of summer grade until early November. There isn't an exact date when it changes as each oil refinery has its own plan. It also depends on whether fuel is transhipped to depots and stored prior to delivery to farm. Members can try to plan orders to avoid carrying too much summer grade into the winter months. Anti-wax additive is available, but this needs to be thoroughly mixed with the gas oil before it waxes. It will not de-wax, waxed fuel.

ADBLUE

1000 Litres in the IBC **£223.85**
Bulk fill 22.4p a litre
205 litre Barrel £81.35
Above prices includes levy
