## MANAGER'S MESSAGE

The winter and early spring have seen LMR members busy with their livestock; with lambing and calving through conditions that have been challenging. The snow fall across the region has resulted in members sending tractors with snowploughs and telescopic handlers out to clear distribution centres, supermarket car parks and industrial estates as well as local roads. We would like to thank them all for responding at short notice, to undertake many hours of work, often through the night to keep the services running which we all rely upon.

Winter is only slowly loosening its' grip this year. There is much spring drilling, fertilising and spraying ahead. Please call if you would benefit from a contractor's help completing these tasks in a timely manner. There are many highly skilled LMR members with the equipment you may need available to assist.

Input purchases remain as popular as ever with recent demand including concrete and aggregates, fertiliser, seed dressing, ad blue, fuel and storage tanks as well as large quantities of fuel. Please call for very competitive prices on the above items. The more you purchase from us, the better our position is with regards to negotiating discounts and terms for you.

Members may have a tax year end approaching. Please give us a call where you are considering purchasing vehicles to utilise capital allowances, as LMR has very beneficial fleet discounts on Ford, Toyota, Mitsubishi and Suzuki, with members typically benefiting from a £4k saving . A recent presentation to Riseholme University students highlighted the need to keep machinery costs under control as

they have such a significant effect on enterprise and farm profitability. In many situations the cheapest method of performing a task was to use contractors. The effect on profitability and borrowing as well as the benefits of flexibility and timeliness is far too significant to ignore. Depreciation and under utilisation of the asset are the culprits.

LMR has a new member offering foreign currency planning services for those business which trade overseas or have significant foreign currency exposure. The service offers members a no-cost, no-obligation risk management health check. If it becomes apparent that they can improve your current offering they will provide guidance on the best strategies for your business to manage currency exchange risk so that you can meet budget targets. Please call for further details.

LMR's members have such a strong and diverse offering of machinery, skills and services; ready to benefit your businesses. Please call us for advice, prices and information.

With kindest regards  
Andrew & Jayne

### Important information for labour users

#### This notice goes out to all the members that use labour either directly or via LMR

It is your responsibility to determine whether the labour providers you use need a GLA licence. In most circumstances they will need a licence.

It is also your responsibility to check the current licence status of the labour provider you are using on a weekly basis via the link below:

<http://www.gla.gov.uk/i-am-a/i-use-workers/>

LMR have GLA licensed labour supplier members. LMR undertakes weekly checks on GLA licensed labour suppliers' current licence status. However, this does not negate your responsibilities.

You also need to sign the terms with the supplier prior to any workers starting, along with ensuring your insurances and risk assessments covers all staff undertaking any work at your premises.

You also need to have the list of all workers names from the supplier prior to them commencing any work with you.

With us all working together, we can ensure that regulations set by the GLA are met and we are all complying with the rules, safe guarding everyone, which includes the workers, the farmers and all others that use labour.

Failure to comply with the GLA regulations can have very severe consequences for you and your business.

For more information please visit:

[www.gla.gov.uk](http://www.gla.gov.uk) Gangmasters and Labour Abuse Authority

Any queries, please contact LMR

### Grain Stores

Whether you need cleaning, maintenance, repairs of full installation.

LMR have specialist members that can undertake all of these services.

### Help Required

On behalf of LMR member, The Lincolnshire Agricultural Society, we are kindly asking members if they can help promote the Lincolnshire Show which is one of the top county shows in the country.

Do you have land near a road side that you are willing to put a sign on?

Signage can be placed in all of our areas:

***Lincolnshire, Leicestershire, Rutland, East  
Derbyshire, Nottinghamshire,  
Northamptonshire,  
South Yorkshire and North Cambridgeshire.***

Please contact Jayne if you can assist.
