MANAGER'S MESSAGE

We hope you can look back on 2018 as a relatively good farming year. LMR has enjoyed a busy year helping members with machinery, labour and inputs and should exceed budget forecasts for another year of growth. Particular thanks go to all members that have used additional LMR services and provided the solutions to work and buying group requests. There are so many deals and services on offer that can bring you significant savings. It doesn't have to be fuel, ad blue, lubricants or spare parts that members can benefit from. Members have also made large savings purchasing their fertiliser, electricity and new vehicles through LMR. Many of these, amount to many £1,000's saved per transaction. These are schemes and deals set up for you to benefit from. Please call us for the details, as we want you to make savings. This newsletter comes to you at a time of great national uncertainty as the Brexit deal and negotiations reach their end game. This leads to a period of additional risk for your farming businesses, as currency, prices, possible tariffs, delays at customs, regulatory change, export market access and much more come to the forefront. None of us know how it will ultimately play out, but some of the scenarios aren't good for businesses. In addition to this the agricultural sector is approaching a period of significant change as the BPS is phased out. Agricultural businesses will need to adapt to the new support and post Brexit environment. LMR offers members a whole host of solutions to these changing times. Where businesses need to find efficiencies in their labour and machinery spend, the solution may well be to use more contracting services. You get access to modern machinery, with skilled operators without the need to invest large amounts of money. You retain flexibility, reduce costs and solve the skilled labour problem. By using the buying group services, you will have joined with other like-minded members to make savings and find efficient solutions to your input

requirements. Your collective purchasing brings benefits that are not available to the businesses going it alone. Put LMR at the top of your plan for the future. There are so many ways that you can unlock savings and efficiencies by working with us.

Wishing you all a very Happy Christmas and prosperous New Year

With kindest regards

Kindest regards
Andrew & Jayne

Tractors into Schools

Can you help an LMR Member – The Lincolnshire Agricultural Society

Following the success of the Tractors into Schools campaign, the Lincolnshire Agricultural Society, NFU and Lincolnshire YFC are working together to bring this exciting initiative back for 2019.

Monday 4th March – Friday 8th March 2019.

It gives you, the farmer, the opportunity to build a link with a local school, talk to children about your job and the role the tractor plays in bringing food to our tables. It's also a great opportunity to share your story and educate our future generations on the importance of food and farming.

If you would like to get involved in the campaign; or to find out more information including how to make your tractor the most exciting thing in just ten minutes; health and safety and activity ideas, come along to one of the Farmer's Meeting on:

Wednesday 16th January, 2pm at GRIMME UK Ltd, Swineshead, Boston

Friday 18th January, 10am at the EPIC Centre, Lincolnshire Showground.

Please contact Rosie at the Lincolnshire Agricultural Society (rcrust@lincolnshireshowground.co.uk) for further information and to express your interest.

Happy New Year!

CAN YOU HELP - Student's dissertation questionnaire?

With the prospect of change in the British agricultural industry and current uncertainty surrounding this, the need to maintain income means all types of land use will need to be considered, and Government policy will be crucial. As part of his final year dissertation at Edinburgh University, Member's son Benedict Green is compiling a questionnaire entitled "Drivers of Energy Crop Production in British Agriculture". Benedict is looking for farmers to complete this questionnaire. If you are able to assist, please contact Benedict direct or follow the link to his questionnaire on line at www.surveymonkey.co.uk/r/PHSSM95
Benedict Green Tel: 07547 102446 or Email: bgreen0419@hotmail.co.uk
Thankyou

Health & Safety

LMR specialist member is offering one year's help at a discounted rate.

They do not charge a contract per month, they only charge for the hours they put in, so this is ideal for anyone on a tight budget.

This member is passionate about farming and improving its safety.

Currently they say they are 30% cheaper than most health and safety companies and they have the agricultural knowledge and background.

DISCOUNTS ON WEARING PARTS

Fertilisers – action required?

There is likely to be considerable pressure on hauliers to make fertiliser deliveries in the required timeframe this coming spring. You should be in a stronger position if you order sooner than other people. There is also the risk that a no deal Brexit will result in 6.5% tariffs on imported fertiliser. LMR has a strong track record in achieving winning fertiliser prices. Please call for a quote for all of your fertiliser requirements.

Ditching & Drainage

LMR specialist members available.

- *Deepening & re-profiling banks * Mudding *New cut ditching*
 - *Long reach 15m * 360 Excavators 8-20 tonne *Reed cutting buckets * Tree shears*
