### MANAGER'S MESSAGE

June can be a surprisingly busy month on the farm. LMR members with livestock will be making silage, while arable farms are spraying, rouging weeds from fields, cleaning grain stores and servicing equipment in preparation for harvest. The rains earlier in May have given crops a very timely boost, with many looking set for reasonable yields. However, as we well know, the crop is only safe when it is in the barn!

LMR members are now calling up gang labour for rouging and store cleaning. Crops seem to be cleaner than previous years, but weed seeds returned to the soil come back to haunt us for years. We have GLAA licensed labour providers who can supply staff in most areas. Some members are taking advantage of the better weather to improve their yards, roadways and farm buildings. LMR is pleased to have played its' part by supplying members with the appropriate skills to perform these services. We have members across our territory offering ground work services, concrete laying and building repairs as well as aggregates and concrete.

The generous discounts on offer to LMR members for wearing parts from Spaldings and Pan Anglia are saving many members significant sums. A big "thank you" to all parties for making the schemes so successful. There is a degree of uncertainty hanging over farming businesses while the Brexit dramas play out. What we do know is that BPS subsidy payments will be reducing over the

coming years. The government is encouraging farmers to engage in additional environmental schemes such as Mid-Tier and Higher Tier to access additional support payments. As land is removed from production into environmental schemes, businesses may decide that as economies of scale go the wrong way, machinery costs rise and production based support decreases, they would be better using contractors for some operations. LMR members are uniquely placed to access skilled contractors at very competitive prices for a vast range of services. Please call to discuss the options. LMR is focused on the challenges ahead for farming businesses. We will be hosting a conference on November the 25<sup>th</sup> near Lincoln to examine the issues of; costs of production, successfully managing change and the role of machinery rings. We very much hope that you will be able to join us.

June is the month when new season fertiliser prices are announced. Please call LMR with your requirements. We have very strong relationships with both national and local suppliers of a huge range of products and we will endeavour as always to get you the very best prices. The same is true for your seed requirements.

We hope to see many of you at the Lincolnshire Show and look forward to meeting your farm business requirements over the coming months.

Kind regards

Andrew & Jayne

**Straw Wanted**

Straw wanted in the swath. LMR's baling contractors are looking for all types of straw for baling within our region, Lincolnshire/Nottinghamshire/Leicestershire/ Derbyshire/Yorkshire.

They offer very competitive rates per bale and a quality and timely service. They will also bale straw that you want to keep. Please call LMR with any straw in the swath that you have available this harvest. Every year we help members get the market leading prices for their straw.

## LMR Conference - November 25<sup>th</sup>

LMR is hosting a conference at Branston Hall Hotel, near Lincoln on the afternoon of November 25<sup>th</sup>. We have brought together a number of expert speakers to look at the machinery and labour costs of crop production, successfully implementing change and the role of Machinery Rings. We appreciate that agriculture is entering a period of new challenges and wish to assist you in preparing for and executing change. Please join us and our sponsors for an enlightening afternoon, followed by a two-course meal.

We very much hope you can join us, fellow members, non-member farmers and younger future farmers at this event. Please call to book your place as numbers are limited.

### Electricity Savings

Why not join the rest of the LMR members that have already saved money on their Electricity costs?  
Another recent LMR member has quoted "Very easy and straight forward process, would highly recommend to fellow members"  
Contact LMR for details
