MANAGER'S MESSAGE

Welcome to the New Year 2024 newsletter. LMR is pleased to have had a positive 2023 engaging with so many members. It was not an easy year to be farming and we appreciate the opportunity you afforded us to work with you. LMR endeavours to assist members across a wide spectrum of your business needs. The collective purchasing power of members allows us to negotiate advantageous terms and prices on many inputs, whilst the immense pool of machinery and services offered by members offers timely and cost-efficient solutions to your requests for contractors. It is very pleasing for us to be able to play a part in facilitating and delivery these savings and solutions for you.

We look forward to the year ahead, not knowing all of the challenges that await us, but confident that LMR will assist you wherever possible.

We see 2024 as an opportunity to build on past successes and our strengths to develop deeper relationships with all members. Hundreds of members validate the value of LMR's services each week. Please follow their lead and challenge us where you are not using us for service or input. We will do our utmost to deliver a saving. The more members that use a service the better the discount or deal is likely to be. Please work together with your fellow members to generate an even better LMR for your businesses in the future.

LMR is always pleased to welcome new members. We particularly look forward to working with Partic Motor Spares Ltd who welcome LMR members into a group deal whereby they aspire to offer LMR members considerable savings on products from across their diverse range. For those of you who are unfamiliar with Partic Motor Spares, they have an

impressive range, encompassing lighting, brakes, electronics, tools, workshop consumables, filtration, lubrication, radiator services, in fact nearly everything you might need for your vehicles, trailers, plant, tractors, lorries, and workshops. They operate throughout our territory, having stores, representatives, and a delivery fleet. Please call them and remember to use the LMR account to get your discount.

We look forward to serving you in 2024, which we hope is a year of reward and success for you all.

There is so much that we have to offer you.

Kindest regards

Andrew, Jayne & Viv

Two successful days for the LMR stand at the
Midlands Machinery Show.

Many members came to see us along with new
members wishing to join LMR.

The lucky winner of our prize draw was David Prince
of Lambley, Notts.

Congratulations David on winning a Sealey 80w
Bench Mount Drill Bit Sharpener.

Kindly donated by LMR supplier

BULK STORAGE TANK SERVICE

Oil storage is becoming an important consideration, and this service is growing amongst the agricultural industry.

The Benefits of Bulk Storage tanks are:

- Keeps workshops clean and tidy
- Helps the environment by using less container packaging
- Creates more space in workshops and garages
- Easy to distinguish different lubricants for various uses

- Helps avoid oil spills and contamination
- Long lasting storage solution - with good maintenance these will last up to 50 years.

LMR supplier member, can supply a range of specialist bulk storage tanks for workshops and outbuildings. They can help advise on the best way to install the tanks - which for standard sizes are **FREE OF CHARGE!** (Subject to a technical lubrication survey).

If you would like any further information or an article/case study about bulk storage tanks that have transformed farm workshops – please contact LMR.
